Spectrum Management and Resource Technology

FCC Wireless Telecommunications Bureau

# FCC Universal Licensing System

## Agenda

- Introduction
- Online Demonstration of Filing Required Notifications in ULS
- Online Demonstration of Filing Requests for Extensions of Time in ULS
- Questions

# FCC Universal Licensing System

## Introduction

- The NT/EX application filings in the Universal Licensing System have been redesigned using current technologies and design concepts. The redesign is targeted for implementation June 18, 2007.
- These filings will be integrated into the ULS License Manager for both the FCC Form 601 (Notification or Extension of Construction) and the FCC Form 603 (Notification or Extension of Consummation).
- The NT/EX redesign improves customer service by improving the filing process and increasing data integrity.

# FCC Universal Licensing System

## Benefits of the NT/EX Redesign

- Ease of Use
- Usability and Enhanced 508 Accessibility
- Streamlined look and feel with ULS License Manager
- More robust system that can handle large numbers of call signs

# FCC Universal Licensing System

## Online Demo

- Filing Required Notifications for Construction and Consummation
- Filing Requests for Extension of Time for Construction and Consummation
